### **House Judiciary Committee Holds Workshop on Immigration**

**Tallahassee, Fla.** – The House Judiciary Committee, chaired by Representative William Snyder (R-Stuart), today held a workshop on immigration to further the conversation on ways to implement reform that would reduce illegal immigration in Florida. The workshop took place during a regularly scheduled committee meeting on Thursday, January 27, 2011, from 8:00 a.m. to 10:00 a.m.

“Today’s workshop was a valuable opportunity for lawmakers to have a meaningful discussion on the various policy options that are available for us to consider adopting that would reduce illegal immigration in the State of Florida,” said Representative Snyder.

“And, as I work toward building a consensus on immigration, I look forward to maintaining an open dialogue and gathering further input from the public, as well as my colleagues,” concluded Representative Snyder.
